

KATRINA

I honestly never entertained the thought that I would ever live to see the day when the United States of America would become so apathetic and so complacent that its citizens would allow to go unpunished, acts of genocide and high treason by its highest officials. To realize that this is not happening in some obscure, far-away Banana Republic, but within the borders of this once great nation, is a cognition that is all but impossible to process. I am loathe to turn on the TV set these last few weeks, because I have PTSD, and the images of my fellow Americans dying in alligator-infested filth, being eaten by alligators, rats, and wild hogs would probably motivate me to do something that would take me out of character as a Christian, and a preacher of the Word.

The list of the offenses of the Bush crime family, are endless, and if you've listened to [Air America Radio](#) or [Radio Liberty](#) instead of the controlled mainstream media and nationally-syndicated Fascist blowhards like Rush Limbaugh, you'd hear the indictments; I won't list them here in the interests of keeping this article shorter than Leo Tolstoy's "*War and Peace*".

At this point, I must correct even Air America on one point; this is not – repeat – **NOT** - incompetence, or bumbling idiocy we are witnessing here. As I wrote in my book "[Land of Childhood's Fears](#)", **it is better to plead ignorance and incompetence than be convicted of treason**. There hasn't been, in my opinion, an ELECTED president in this country, since the JFK assassination. You'll have to [read my book](#) to see why I say this. When you go into that voting booth and pull that lever, you might as well go and flush your toilet, as the 2000 election so graphically illustrated.

George H.W. Bush ran the CIA and the largest drug cartel on the planet during Vietnam, and his son is now attempting to take over the world's oil supplies. Dupont already has the corner on the refrigerant chemical market, and 11 million school kids are being given dangerous psychotropic drugs for "diseases" that don't exist (See links to free literature from the Citizen's Commission on Human Rights International on [www.Net4TruthUSA.com/cchrlinks.htm](#)). The technology to track us with GPS satellites and mark us like chattel with RFID chips is already here. Are we supposed to trust these people with this technology? Let me help you answer that question... would you have trusted Adolf Hitler with it? If not, then you shouldn't trust the Bush crime family with it, because the family has ties to the Nazis of WW-II... believe it, and prepare for the Gestapo or the Neo-SS troops to dispossess you from your home one day... and believe it from someone who has no reason to lie, and no profit to be made by misleading you, that this is what lies in store for us if we don't remove this traitorous scumbag and his Satan-worshipping cronies from the government of this nation IMMEDIATELY. I'm afraid that VOTES will not do it; the VOTES ARE RIGGED. Air America just aired sn expose' of how Diebold voting machines can be compromised in 90 seconds (program aired on 9-15-05), and this information can be found on hacker / phreaker web sites. Nobody in his or her right mind would elect a Republican ever again in the history of this nation... but apparently, there are many who would tenaciously cling to party loyalties, and assert that they were right for voting for this sonofabitch the FIRST time, by voting for him a SECOND time. It is the same mentality that causes prisoners to repeat their crimes, and return to prison (See my article "*The Etiology of Recidivism*" on [www.Net4TruthUSA.com/NetSermons.htm](#))

If any bit of consolation can be extracted from this terrible disaster, it is probably that it marks the end of the Bush Regime, and probably the Republican Party forever. I say this as a former Republican who voted for Bush # 1. ***I repent!*** May the Lord have mercy on my soul. However, I can't say with any conviction, that the Democrats, Conservatives, Libertarians, Socialists, et al., are any better... but what we have now is blatant AUDACITY, and it is precisely that audacity that will eventually be their total demise. If history repeats itself; if lessons not learned well come back to bite you in the ass, I pray that George Bush, having become the laughing stock of the entire planet, suffers the same fate as Robespierre during the French Revolution. Robespierre's motto was, "***Audacity, audacity, always audacity***". Adolf Hitler had much the same attitude.

All I know is that I went to the doctor last week, and was diagnosed with rectal emphysema... probably got it by too many right-wing neo-Cons blowin' smoke up my ass all these years. When I fart, it sounds like a cat coughing up a hairball, and looks like a Lionel train puffing its way down the track. This is the America I fought for? Tell you what...

The second amendment was not written so you and I could go duck hunting!
