My Fellow Americans:

In the debate on whether or not to give amnesty to 12,000,000 illegal aliens, Americans should remember that societies and civilizations are based on Law and Order. Law and Order is dependent upon law enforcement. When and where a nation's laws are no longer enforced, order crumbles and disintegrates. What immediately follows **"NO ORDER"** is – chaos, a breakdown in culture and the decline and end of civilized society. The late California Congressman Sonny Bono was once asked by a reporter what he thought of "Illegal Immigration," Congressman Bono replied, "It's illegal!"

Laws are enforced by deterrence. What is America's deterrence for violating our borders and illegal entry into the U.S.? Why, we grant you citizenship! No amnesty for breaking U.S. Immigration Laws – **to anyone, from anywhere, of any race, creed or color, at anytime, under any circumstances, EVER!** Equal Rights for everybody – the Law applies to everyone. If we cannot protect our borders and enforce our laws, we cease to be a nation. Let us secure our borders, enforce our laws and not be intimidated by, or apologize to any ethnic group for doing so.

US Law should require people who want to become citizens and are here illegally to first exit and reenter legally; otherwise, our laws are a joke. It is difficult to believe, hope or expect people will become law abiding US citizens when, by their illegal entry into our nation they have already displayed total disdain, utter disregard and complete contempt for our laws. Legislation should be passed that makes people with illegal status ineligible and unable to start the process toward citizenship until they have rectified their illegal status.

### **Today We March Tomorrow We Vote!**

Read the signs of Immigration Reform Protesters. If we give these 12,000,000 illegal immigrants amnesty, the demographics of our country will be irrevocably altered and Permanently changed. Roy Beck, the executive director of Numbers USA has pointed out that if these 12,000,000 illegals are given amnesty, they will then, immediately be able to turn around and sponsor their relatives. The result will be 30,000,000 more people in the US in less than ten years. The effect on American culture must be taken into consideration. And if we give these 12,000,000 illegal aliens amnesty today; we will have to give the next 12,000,000 illegal aliens amnesty tomorrow. There will be no more law. It will be the Beginning of the End of the America we know. The parallels between the fall of the Roman Empire in 476 AD due to her inability to secure her borders and today's **Illegal Immigration Crisis** are only too obvious!

**In addition** – Nearly one third of the federal US prison population is comprised of illegal aliens; that number jumps to one half in California State Prisons. In L.A. 95% of all outstanding warrants for Homicide (1,200 – 1,500) are for illegal aliens and two thirds of all of all fugitive felony warrants in L.A. (17,000) are for illegals. 36 – 42% of all illegal

aliens in America are on some form of welfare. These are the New Pioneers?

**Cocaine, Heroin, Methamphetamine and 90% of the illegal marijuana in the USA pours over the Mexican border.** Our border check points are gang rushed by illegals. Two US Border Patrol Law Enforcement agents were recently shot and wounded by Mexican drug smugglers. Al-Qaeda has threatened that they will use our Southern Border to infiltrate the United States and attack America. Nuclear proliferation experts predict a nuclear terrorist attack will occur on a major US City in less than ten years. I hope Congress will not wait for one of our cities to be destroyed and the loss of millions of human lives to secure our Mexican Border.

God bless America,
