

The Next 9-11

As of this writing (May 22, 2007) – approaching the seven year anniversary of the “terrorist” attacks of September 11, 2001, we are still no closer to getting at the truth of what happened that day than we were the day it happened. Of course, we have had a blitzkrieg of information primarily from small radio stations such as [Radio Liberty](#), Genesis Network, and a handful of others, dozens of [documentary films](#) and books written that question the official government’s story of what happened – and a veritable avalanche of information posted on the Internet which taken in its entirety, establishes a forensic base from which to make extremely serious allegations of murder, treason, and war crimes against the highest officials in our government – including the President of the United States, and indeed, establishes more than sufficient probable cause to have them arrested and charged before a Grand Jury.

The mainstream media being the spineless puppets of the prenatal Neo-Nazi regime that currently occupies nearly the entirety of Washington DC, has conspired with these criminals to obfuscate the truth from the American people, and have capitulated to the corporate war machine’s censorship. As small talk radio stations scattered throughout America and the Internet are the only sources of anything approaching the truth, we as a nation are in serious trouble as the truth starts to filter through the collective denial of the American people; denial that the events of Pearl Harbor, the Bay of Pigs, the JFK / MLK / RFK assassinations, the [Northwoods Document](#), the Gulf of Tonkin LIE that led to the [Vietnam War](#), the sinking of the *Lucitainia* and the *USS Liberty*, and non-existent WMDs in Iraq begin to look like Déjà vu all over again to those of us who do not live our lives vicariously through mindless ball games and soap operas.

The FACT of the matter is that America is slowly waking up. Whether or not the “sleeping giant” awakes in time to do anything to stop these evil people before they perpetrate still more crimes upon America and the world, is a matter for time to tell.... But I am not holding my breath.

At the risk of appearing to be a prophet, let me tell you what I believe will happen in the near future:

As the American people “get wise” to the conspiracy of high officials in the government to either perpetrate or allow the 9-11 attacks to happen, a wave of civil disobedience will begin to emerge, and violent demonstrations against the government reminiscent of the war protests of the 1960s will begin to emerge. In the midst of this, whatever puppet administration that currently is occupying the White House will perpetrate still another “terrorist” attack on our shores – possibly worse than 9-11. This will be done to have an excuse for the President to get up on the podium on national TV, declare war against some other innocent people around the world, recapture the false credibility that was lost by the TRUTH being spread over the Internet on sites like this one and numerous others, and to finally establish their long-awaited FOURTH REICH, enforcing it with the technology of RFID chips, GPS locators, and a plethora of surveillance devices and “smart” weapons turned against citizens who don’t comply. This thought gives me pause to reflect and think that perhaps we are all better off remaining as it says in the Bible in II Peter 3, “*willingly ignorant*”. Most Americans are **STUPID**, with “**stupid**” being defined as “*the pursuit of ignorance*”.

As for me; **Give me Liberty, or give me death**. If forced into choosing the latter, I, like many other true, God-fearing Americans, will endeavor to take as many of these evil bastards to the gates of hell along with me. Evil must NOT be permitted to flourish any longer in this country. Those who murder our citizens for their own personal gain or to forward their own personal satanic agendas must be brought to justice. If they are guilty of sedition and treason, and the murder of innocent people, they must be removed from the community of decent human beings by summary execution – and the fruits of their evil deeds seized and returned to the rightful owners. Their progeny also must be prevented from benefiting from the evil deeds of their fathers, in order that the motive for future evil deeds is removed; and to make the cost of betraying the public trust so terribly expensive, that the thought immediately perishes from the minds of those who are tempted.

forensic PROOF did NOT collapse as the government proposed How much more evidence the American People need in order to wake them up to the fact that *this is not America anymore* is beyond me. One thing is certain – at least it is certain as far as I’m concerned: There will be another “9-11”.... And another, and another if necessary – until the satanic forces that seek “The New World Order” accomplish what they set out to do, and that is nothing short of owning the entirety of the wealth of the entire planet and enslaving us all under a tyranny that will make George Orwell’s novel “1984” pale by comparison.

Just remember the admonition that **EVIL PREVAILS WHEN GOOD MEN STAND BY AND DO NOTHING**. Don’t be one of those who are unwitting accomplices in the evils that are being perpetrated by NOT acting – doing something – even if it is just striving to educate yourself and your friends and family. TRUTH is never welcome – especially when it is a PAINFUL truth as what is divulged by an impartial, logical, scientific and forensic analysis of the events of 9-11 is. You are vilified as a messenger of TRUTH when LIES are more comfortable to believe.
