*"The only difference between a tax man and a taxidermist is the taxidermist leaves the skin"*  
- Mark Twain

*"None are more hopelessly enslaved than those who falsely believe they are free"*  
- Goethe

The Federal Income Tax Law passed in 1913 **was NEVER ratified by the requisite number of States** in order to become a valid amendment to the United States Constitution, and is therefore **ILLEGAL** according to the nation's highest laws. Considering what your taxes are being used for (killing people and occupying foreign sovereign nations illegally), and there has been a silent coup de 'etat running the US government for quite some time, perhaps it is time that you - and everybody else in the USA should **WITHHOLD** your "withholding".

*".....There is no law.... there is no law that requires the average American worker in the private sector to pay a direct, un-apportioned tax on their labor...."* - former IRS agent (see video below).

*"If you... examined the [16<sup>th</sup> Amendment] carefully, you would find that a sufficient number of States never ratified that Amendment"* - U.S. District Court Judge James Carroll Fox (2003).

"The government should create, issue, and circulate all the currency. Creating and issuing money is the supreme prerogative of government and its greatest creative opportunity. "If the American people ever allow the banks to control the issuance of their currency... the banks and corporations that will grow up around them will deprive the people of all property, until their children wake up homeless on the continent their fathers conquered." - Thomas Jefferson

"In the absence of the gold standard, there is no way to protect savings from confiscation through inflation. There is no safe store of value... [Gold] stands as a protector of property rights." - Alan Greenspan "*Gold and Economic Freedom*"

"Paper is poverty... it is only the ghost of money, and not money itself". - Thomas Jefferson

"I sincerely believe the banking institutions having the issuing power of money, are more dangerous to liberty than standing armies." - Thomas Jefferson

"Who controls money controls the world." - Henry Kissinger Council on Foreign Relations

"Those who vote decide nothing. Those who count the votes decide everything." - Josef Stalin

"The New World Order will be built... an end run on national sovereignty, eroding it piece by piece will accomplish much more than the old fashioned frontal assault." - Council on Foreign Relations Journal, 1974, p. 58

"The dirty little is that both houses of Congress are irrelevant. America's domestic policy is now being run by Alan Greenspan and the Federal Reserve. America's foreign policy is now being run by the International Monetary Fund. "The bankers own the Earth. Take it away from them, but leave them the power to create money, and with the flick of the pen they will create enough money to buy it back again. However, take away from them the power to create money, and all the great fortunes like mine will disappear and they ought to disappear, for this would be a happier and better world to live in. But, if you wish to remain the slaves of bankers and pay the cost of your own slavery, let them continue to create money." - Sir Josiah Stamp, former Director of the Bank of England

"We are grateful to the Washington Post, the NY Times, Time Magazine, and other great publications whose directors have attended our meetings and respected their promises of discretion for almost 40 years. It would have been impossible for us to develop our plan for the world if we had been subjected to the lights of publicity during those years. But now the world is more sophisticated and prepared to march towards a world government. The supra national sovereignty of an intellectual elite and world bankers is surely preferable to the national auto-determination practiced in past centuries." - David Rockefeller, June 1991, CFR

This gives him dictatorial power over the people, without any checks and balances. The government can jail you for life without charges, without a trial, and without a lawyer. Because of globalization, the U.S. must accept other nation's laws. Under the CAFTA treaty the sale of vitamins and supplements will be illegal. (brackets mine)
